Spray Dried Tomato Powder

We produce the finest quality Spray Dried Tomato Powder made from 100% natural Tomato Puree, suitable for soup applications, snack applications, sauces and as a replacement for fresh tomato/tomato puree.

Raw Material Used : Fresh Tomato Only

Spray Dried Tomato Powder

Using Fresh Tomato

- Using conventional fresh tomato can involve time consuming procedures, a lot of wastage, seasonal variation of cost & low shelf life.
- Food Industries are looking out for new methods of ingredient application while minimizing cost, time & wastage, while maintaining quality & flavor of the ingredients.

Using Spray Dried Tomato Powder

- Our line of **Tomato Powder** meet all the guidelines of the food service industry.
- Eliminates the hazels of using conventional fresh tomato like peeling, cutting, slicing, chopping.
- Maintaining the quality, increasing the shelf life to upto 1 year
- Reducing the cost considerably.
- No wastage at all.

Highly cost effective : We use 7-8 kilos of fresh tomato to produce 1 Kg of Spray Dried Tomato Powder hence flavor is highly concentrated only small quantities are required for meeting the desired flavor.

Payment And Shipping Terms

- **Port:**Any Indian Port
- **Packaging Details:**25 KGS or 50 KGS PP Bags Or As Per Buyers Requirement in Poly Paper Bag
- **Payment terms:**L.C/ T.T

Spray Dried Lemon Powder

We produce the finest quality Spray Dried Lemon Powder made from 100% natural Lemon Juice, suitable for spice blends, flavoring for instant drinks, flavoring for health supplements, snack applications, sauces and as a replacement for fresh lemon/lemon juice.
